the first Monday in June, but the Elections coming on the 5th, following the first Monday, and after consulting several members, concluded that the present time to call the meeting would be the most satisfactory to members of the Council. Court was to be held tomorrow, but from the assurance of the Sheriff that no inconvenience would arise, hoped that the business of the Council would be taken hold of in earnest and finished up in a satisfactory manner in a shorter space of time than usual, as the busy season was coming on, and had no doubt that all the members would prefer being at home at this particular time; also referred to the temporary loan from Bank of Commerce; also to important matters which would likely engage the attention of the council, &c., and concluded by presenting to the Council sundry accounts and communications received since last session.

FIRST REPORT OF THE STANDING COMMITTEE ON MARSH LANDS.

To the Warden and Councillors of the County of Welland in Council assembled :

The Committee on Marsh Lands beg leave to submit the following report :

In regard to the dispute between Michael Wills and John S. Simpson, of the Township of Wainfleet, as to the boundary of a part of lot No. 11 in the 4th concession of the said township, sold by the

county to Simpson, and taken possession of by the said Michael Wills; hence the cause of dispute. Mr. Wills having brought an action for trespass against Simpson, the County feeling it to be their duty to protect Simpson in the land sold him, entered defence to the action, and retained good counsel as per instruction at January session. Your Committee, with several witnesses, examined the disputed territory, accompanied by Surveyors DeCew and Law, who ran out and established what they considered to be the boundary. At this time, your committee, desiring if possible to effect a peaceable settlement, used every means in their power to induce the said Michael Wills to submit the matter in dispute to arbitration, but failing in this, they made the necessary preparations for trial, and at the eleventh hour, or after the case had been called by the Judge, the said Wills, by the influence of his friends, made a proposition of settlement which your committee thought advisable to accept, the basis of such settlement being as follows;

Simpson having paid to the County \$306, leaving a balance due the County of \$415, the said Wills took the land sold Simpson by the County, paying Simpson the whole amount paid the County by him in original purchase, \$306, also paying the County the balance due on Simpson's mortgage, \$415, the above sums being at the time paid in cash. Each party agreeing to pay their own costs. Your Committee were advised that they had a good case for defence, but considered the uncertainty of law as well as the many prejudices and uncertainties surrounding this long-vexed question, and desiring, if possible, to promote harmony and good-feeling between the parties, and believing at the same time that they were advancing the interests of the County, thought proper to effect the aforesaid settlement.

And your Committee therefore beg respectfully to recommend payment of the following sums, being the necessary expense incurred in the prosecution and settlement of this matter, viz :

Mr. Bethune	-	-	-	-	-	\$100 00

THIRD REPORT OF COMMITTEE ON EDUCATION.

To the Warden and Councillors for the County of Welland in Council assembled :

Your Committee on Education to whom was referred the petition of Levi L. Swayze *et al*, respecting the change in the the boundaries of

School Section No. 7 of, the Township of Thorold, and Union School Section No. 4, of the Township of Thorold, beg to submit the following report :

From the limited evidence adduced before your committee, it appears that the portions of said S. S. No. 7 were taken from the said Section and annexed to Union S. S. No. 4 in the year 1876, without due notice having been given to the parties directly affected by the change.

That by statute passed in 1877, all Union School Sections, whether legally formed or otherwise, which existed prior to the 2nd day of March A. D. 1877, were confirmed and legalized.

That sub-sec. 3 of sec. 11, cap. 16 of 40th Vic., provides that the boundaries of this Union Section, or any other Union S. S. may be altered by the Council of either Municipality in which part of the Union is composed, in case the same is petitioned for by a majority of the assessed freeholders and householders of such part.

Your Committee therefore recommend this Council to take no action in relation to the aforesaid petition.

FIRST REPORT OF ROAD AND BRIDGE COMMITTEE.

To the Warden and Councillors of the County of Welland in Council Assembled :

Your Standing Committee on Roads and Bridges beg leave to submit this, their first report :

Your Committee, as directed by your Honorable Council, went to DeCew Falls on the 13th February last, and met with Mr. Secord, a member of the Road and Bridge Committee for the County of Lincoln.

After examining the bridge, the joint committee were of the opinion that the City of St. Catharines should repair the said bridge, in as much as the construction of the dam and slide for the water works was the sole cause of the injury to the bridge.

Your Committee decided to consult with the Water Commissioners of the City of St. Catharines.

Your Committee then examined the bridges near the boundary line between Thorold Town and Grantham, as decided by your Council, and cannot recommend any grant being made for said bridges.

Your Committee then went to St. Catharines and met with the Water Commissioners, and laid the DeCew Falls Bridge matter before them. After discussing the matter for some time, the Commissioners agreed to repair the said bridge.

Your Committee on the same day went to the mouth of the Chip-pawa and examined the bridge crossing the Welland River, and found it advisable to repair the same.

Your Committee let the job to repair the said bridge to John Alders for the sum of \$30.

Your Committee also instructed the Reeve of Willoughby to get 500 feet of oak plank for the Chip-pawa Bridge from I. H. Allan, amounting to \$10, and the same amount for the Montrose Bridge, which he purchased from Leonard McGlashan, amounting to \$10.

Your committee also beg leave to report that the contract for rebuilding Tisdale's Bridge has been completed. The amount to be paid by this County is \$19.96.

Your Committee have been notified by the Road Master on the county line between Thorold and Grantham; that the bridge crossing

SECOND REPORT OF THE COMMITTEE ON MARSH LANDS.

To the Warden and Councillors for the County of Welland in Council Assembled :

The Committee on Marsh Lands beg leave to submit this, their second report :

Your Committee, on Saturday the 7th inst., inspected the Daily ditch, on which David Campbell is contractor. Mr. Campbell has done considerable work this spring, and appears to be getting on very well. This work is very heavy for a distance of one and a quarter miles. The work has been taken very low, and with the best of management Mr. Campbell will be the loser. At the December Session of Council an additional sum of \$500, over and above the contract price, was allowed Mr. Campbell on condition that he should

proceed with the work to completion, which he has agreed to do, and still states he will do. The \$500 above stated, added to the original contract price, will make the total amount \$3,000 that Mr. Campbell is to receive for the completion of his contract, on which he has been paid \$1,415. Campbell is going on with the work as rapidly as can be expected. He has had no estimate this season, and it is an understanding between Mr. Campbell and the Committee that no estimate be taken until the middle of July. Mr. Campbell informs your Committee that he needs money in the meantime to pay current expenses, and your Committee recommends that the sum of \$500 be paid him on account, and the Warden do issue his cheque for the same.

All of which is respectfully submitted.

THIRD REPORT OF COMMITTEE ON MARSH LANDS.

To the Warden and Councillors for the County of Welland in Council assembled :

The Committee on Marsh Lands beg to submit this third report :

Your Committee recommend that ninety dollars be paid to Jacob Helblain, owner of part of lot 25, con. 1 Wainfleet, being for land taken for the enlargement of the Daily Ditch, removing of fences, and the building of two farm bridges across said Daily Ditch to meet his own convenience, said bridges being in lieu of farm bridges taken down.

Your Committee recommend that a deed be taken from said Helblain and his wife Catharine for the quantity of land taken, when the quantity is ascertained and reported on to the Marsh Lands Committee by H. T. Ross, County Engineer, and that the expenses of deed and recording shall be borne by the County. The said Helblain claims the privilege of draining his fields into the said Daily Ditch, and your committee recommend the said privilege being granted on condition, nevertheless, that the said Helblain shall at his own expense put in proper culverts or underdrains in order that the said ditch shall not be filled up by wash from the banks; and, it is also recommended that the said underdrains or culverts shall be so put in that the discharge of water therefrom shall fall into the ditch clear from side of bank.

All of which is respectfully submitted.

of some repairs, and therefore engaged Frank Mothersill to make the necessary repairs at a cost of \$5.00.

I have been instructed by the Council of the Ontario Rifle Association to ask the co-operation of the Municipal Councils in establishing a new match at the annual prize meeting in August next.

The benefits conferred by the Association are open alike to all counties, and having solely in view the encouragement of efficiency in marksmanship among our Volunteers, the Association deserves a general support from all parts of the Province.

It has been decided to ask each County and City Council for an annual donation of \$10, an amount too small to be felt by any of them, but which, when multiplied by the number of counties and cities in the Province, will most materially aid the Association in its objects.

Be good enough to bring the matter before your Council at its next meeting, and to advise me of the action taken.

I have, the honor to be, Dear Sir,
Your Obedient Servant,
W. D. OTTER, *Lieut.-Col.*,
Secretary.

The Clerk of the County Council of Welland.
